**Buckskin Beerhouse (Songjiang Nanjing MRT Station)**

- Opening hours – Every day from 9 AM to 10 PM

From the taste, you might suspect Buckskin beer was a centuries-old Bavarian recipe brewed in the Rhine lands, buuut. You'd be wrong.

From the far and mystical lands of southern Taiwan, Buckskin was conceived through the efforts of the award-winning Kavalan (King Car) distillery and President of The Association Private Brauereien Deutschland, Georg Rittmayer.

Under the watchful eye of Brewmaster Rittmayer, mellow bavarian malts and hops are fermented with the sweetest Taiwan natural drinking water to produce an exceptional tasting beer.

From Hefeweizen to Heller Bock, Buckskin's popularity and reach can be seen anywhere in Taiwan from their offerings in gastropubs to upscale bistros, but what better place to have a glass than at one of Kavalan Food Group's most beautiful bars and restaurants paired with the conglomerate's famous barbecued meats.

Finding the elevator up to the brewery though is more akin to finding a door to a speakeasy than your run of the mill restaurant (ground floor elevator outside the mall, next to their sign). So be prepared for a whole lot of Google searching and head-scratching.

- Opening hours – Tue-thu 7 PM – 11 PM/ Fri 7 PM – 2 AM / Sat 3 PM – 2 AM

Maintaining a fixed center of rotation for that perfect golf swing is tough, but the mark of a true athlete is consistency under all circumstances. So, why not throw in a pint of slowed muscle reflexes, a shot of frontal cortex and motor control inhibition, and a pitcher of reduced balance control into the mix?

Okay so maybe this isn't your conventional bar, but I challenge anyone to think of a night out that couldn't be improved with some drunken minigolf!

Come and enjoy some of Draftland's finest cocktails and craft beers while you wait your turn at the hole, or if you could care less about your handicap, come smash or get smashed with your fellow academics, test their grasp on statics with a rigorous game of Jenga, or sing your heart out about your love of biomechanics, we won't judge.

The activities and games in this place are endless, so don't miss out on the opportunity to hit this place up, we can't spell fun without U. XD XD

Video games may not be your thing. But, if you relish that mano a mano, sweat on the brow adrenaline rush that comes from annihilating your opponents in person, then my friend, board games are for you. Game Square is perfect for a boozy icebreaker with games like Avalon or Coup. Or should you fancy bankrupting your friends, we suggest Monopoly and maybe a good therapist too.
